QUICKSPACE [®]

Spacesaver® Storage Systems

QuickSpace® is a unique storage system that can more than **double** your storage capacity in your current space. Moving in and out without a fixed rail system, QuickSpace® offers a contemporary design and easy installation in small spaces. Both a cantilever base for any type floor, including carpeted areas, or on a wheeled base for hard-surface floors are available. QuickSpace® storage systems come in a variety of standard sizes, configurations and finishes, making it a cost-effective storage solution.

Quick Access

Provides instant access to "active" records, materials and supplies.

No Interior Aisle Required

Unique design requires no aisle for accessing materials. Fits in tight spaces, between wall columns, in alcoves, etc.

Quick Installation

No rails needed. System can be relocated for changing needs and requirements.

Controlled Access

Keyed locks are available. Locks may be keyed alike or different depending on your access requirements.

Effortless Movement

Pull-out unit moves in and out easily for quick access.

Compare for Yourself

QuickSpace®

714 Lineal Filing Inches

Vertical Files

288 Lineal Filing Inches

Lateral Files

192 Lineal Filing Inches

Unconventional storage spaces require unique storage solutions. Corner spaces readily accept the QuickSpace® storage system. QuickSpace® storage systems, comprised of pull-out shelving units, fit tight areas while more than **doubling** your storage capacity in the existing space. QuickSpace® increases productivity and efficiency by locating more materials closer to point of use.
