Masterseries and Executive Series

Designed to meet your project specifications

Hamilton Sorter's **Masterseries** and Executive Series manufactured products give designers and end-users a modular, flexible and durable alternative to built-in millwork. Made from laminate and aluminum extrusions it provides the flexibility and strength needed for rigorous applications in document processing.

Hamilton Sorter products are designed to meet the rigorous conditions of today's work environment.

For over 46 years, Hamilton Sorter products have been designed and manufactured to provide the very finest in modular, flexible and durable solutions for the commercial workplace.

All backed by Hamilton Sorter's Limited **Lifetime Warranty**.

Construction

- ◆ Product is constructed of industrial grade 40-50 lb. substrate and aluminum extrusions.
- ◆ Ideal for high traffic areas, aluminum frame consoles withstand in excess of 1,000 lbs. Aluminum frames eliminate exposed edges and protect laminate work surfaces.
- ◆ A Hamilton Sorter exclusive, the pin cam locking system safely secures sort module at any position on the console. The system easily readjusts toward the front or back to accommodate the reach of varying personnel.
- ◆ All module and riser edges are sealed with impact-resistant PVC for durability; there are no exposed edges on our casegoods.
- ◆ Wheels are standard options for Hamilton Sorter's Masterseries and are available on all aluminum framed consoles.

Terms and Definitions

The following glossary defines some of the basic components used in designing a MailCenter. Detailed dimensions and model numbers are indicated in the various sections of this price book.

MASTERseries

SORT MODULES One to six-sections wide, 18" to 48" high, with or without built-in risers. Support sorting shelves in 1" vertical increments. Sort Modules lock to the aluminum console frame and are available with closed back on the Hamilton Sorter Priority Program. Available with open backs and optional plexi-glass display boards and doors on standard lead-time.

re-inserted. Are available in half and full-depths in sizes to fit all standard-size consoles.

PLATFORMS Provide additional worksurface and clearance for machines. Lock into aluminum console frame for security. Available with optional aluminum extrusion for additional support and keyboard mounting.

FREESTANDING SORT MODULES A stand-alone version of our sort modules. Three and four sections wide, 48" to 76" high. Available in full height or with optional bottom storage space on the Hamilton Sorter Priority Program. Available with optional doors and sliding reference shelf on standard lead-time.

SORTING SHELVES Available in three basic sizes, shelves come with full-width label channels with clear plastic covers. Shelves are available in clear, black, brown, & grey. Plastic shelves support up to 35 lbs., optional laminate shelves support up to 50 lbs., available on standard lead-time.

Standard: 10³/₄" x 11³/₄" for letter-size documents, literature and forms.

Legal: 10³/₄" x 15³/₄" for legal documents and spreadsheets.

Over-size: 12³/₄" x 15³/₄" for full-size overnight envelopes, computer printouts and newspapers.

READER STATION Reader Stations are sort modules with an opening to accommodate a computer monitor. Opening and binder shelf can be positioned left, right or center.

BULK SORT UNITS Units provide higher shelf clearances for sorting of larger packages. Available in desktop and freestanding units, with flat or angled shelves. Will accommodate a variety of tubs for bulk sorting large quantities of mail.

CONSOLES Used alone or to support sort modules. Available with optional half and full-depth shelves and sliding doors. Widths range from 24" to 84", depths between 24" and 36" and heights of 30" and 36". Ergonomically designed with clear, anodized-aluminum frame.

DUMP RIMS Securely lock to the aluminum console frame to contain mail dumped on the worksurface for sorting. Can be used on individual or ganged consoles.

INTERMEDIATE SHELVES Can be placed inside consoles with full-depth shelves or sliding doors for additional storage space. Can easily be removed and

Executive Series

CONSOLES Executive Consoles are light-use tables with no aluminum extrusions and are not intended for general mail center use. Available in a basic style, with a full shelf and a full shelf with doors. Consoles with half legs and corner Consoles can be combined to form a larger desking unit.

COUNTER CONSOLES Counter Consoles feature a standard console combined with a 16" wide counter surface. Often used in reception areas, Counter Consoles are available in widths ranging from 48" to 72".

CREDENZAS Credenzas feature hinged doors, handles, a recessed 3" kickplate, and interior adjustable shelving. They are also available with or without predrilled mail slots. (See Executive Mail Station for Credenza with slots.)

OVERHEAD UNITS Storing items overhead can dramatically increase available worksurface. Overhead units are available with hinged or retractable doors or even no doors at all. Optional accessories include fabric-covered tackboards and undersurface task lights.

STORAGE UNITS Lateral files are available in two, three, and four drawer units while pedestals offer two and three drawer configurations. Pedestals are available in two heights, one of which permits undertable placement. Lateral files and pedestals all feature gang locks and anti-tip mechanisms.

BOOKCASES Executive Series Bookcases feature extra-deep adjustable shelves to facilitate binder storage. Two widths and five heights combine to accommodate a variety of storage needs.

EXECUTIVE MAIL STATIONS Provide a central location for mail-drop off and collection on each floor or within each department. Not intended for heavy mail-room use. Executive console doors feature optional mail slots for outgoing mail drop-off. Laminated trim offers an executive look for front office environments.

Plexiglass Color

Model#	Increase	Description
x	\$0	No
C	\$0	Clear
S	\$16	Smoke

See page 60 for color codes.

See Page 23 for Pricing

Notes

- To calculate the sorting inches per column, take the total height of the unit, subtract any riser, subtract 2" for the top and bottom of the unit. Example: S5-30E6; 36 (total height) - 6 (riser) - 2 (top & bottom) = 28 sorting inches per column X 5 columns = 140 total sorting inches.
- Shelf supports are adjustable on 1" increments.
- Modules with sorting heights of 18", 24" and 30" include five shelves per column, providing a total of six mail slots per column. Modules with sorting heights of 36", 42" and 48" include seven shelves per column, providing a total of eight mail slots per column. Example: An S5-30 has five shelves for each of the five columns for a total of 25 shelves. Six slots for each of the five columns equal a total of 30 mail slots.
- If a module has a riser, use the sorting height only to calculate the number of shelves included. Example: S5-30E6 has a total height of 36" but a sorting height of only 30". Five shelves are included with this module.
- Additional shelves may be ordered if more slots are required. Shelves may also be deleted if fewer slots are required.
- Inside Column Dimensions (between shelf supports)

Size	Inside Width	Inside Depth
Standard	10 ¹ / ₈ "	12"
Legal	10 ¹ / ₈ "	16"
Oversize	12 ¹ / ₈ "	16"

- Modules with 6" risers that are 54" or more in width have a center riser leg. All modules with 12" or 18" risers feature a 2" front fascia on the riser. (Clearance = riser height - 2"). All modules with 12" or 18" open risers have a 2" fascia on the riser front and back. Open-back modules with no riser have a 2" fascia across the upper rear. Open-back modules must have closed-back risers and modules with open-back risers must be closed back. These features help maintain stability of the unit.
- If module is to be mounted in the center of the table, order a CX console (centered modesty, pg. 39) for additional support.
- Module width and depth cannot be modified. Reduction in the height of the overall module or riser requires an upcharge.
- When using a 3" riser you can retain the overall height of the module, by adding 3" to the sorting height. For example, an S5-42E6 would become an S5-45E3. Add a \$90 modification charge to the price of the original module.
- Modules with 3" risers are closed in the front and back of the riser and fasten to the console with a locking cam accessed from outside of the module.
- All modules are shipped fully assembled. When getting freight quotes, specify Class 100. If dimensions are required, add 3" to each dimension for packing materials.

Guidelines for Specifying Corner Consoles & Modules

To get modules and consoles in the corners of 'L' or 'U' shaped configurations to line up, use the following guidelines:

Standard-Size Modules

- Use a 30" deep console on each side of the corner unit
- Use a 30" wide x 30" deep CT console for the corner unit
- Use a two-section, standard-size module for the corner unit

Legal-Size Modules

- Use a 30" deep console on each side of the corner unit
- Use a 36" wide x 30" deep CT console for the corner unit
- Use a two-section, legal-size module for the corner unit

Oversize Modules

- Use a 36" deep console on each side of the corner unit
- Use a 36" wide x 36" deep console for the corner unit
- Use a two-section, oversize module for the corner unit

Freestanding Sort Modules

How to Specify Your Options

See page 60 for color codes.

Notes

1. Full-height Freestanding Sort Modules include 12 shelves per column, providing 13 openings per column. The sorting inches are equal to (height - 6") x # of columns.
2. Modules with Bottom Storage Area include 7 shelves per column, providing 8 openings per column. The sorting inches are equal to (height - 23") x # of columns. Modules with 12" Kickplate include 12 shelves per column, providing 13 openings per column. The sorting inches are equal to (height - 15") x # of columns.
3. Freestanding module with sliding reference shelves include 7 shelves per column, providing 8 openings per column. The sorting inches are equal to (height - 32") x # of columns.
4. Additional shelves can be ordered if more openings are required. Shelves can also be deleted if fewer openings are required.
5. Bottom storage areas will accommodate mail tubs.
6. Inside clearances on Bottom Storage Areas

Size	Depth	Height
Standard	12"	15"
Legal/Oversize	16"	15"
7. Sliding doors can be added to bottom storage areas, which reduces the depth clearance by 2 1/2".
8. Freestanding Sort Modules with Sliding Reference Shelves feature a bottom storage area and slide-out shelf located 30" off the ground.

Size	Shelf Pull Out Depth
Standard	9 3/4"
Legal/Oversize	13 3/4"
9. Reductions in the height of Freestanding Sort Modules can be made with an upcharge.
10. All Freestanding Sort Modules are shipped fully assembled. When getting freight quotes, specify Class 100. If dimensions are required, add 3" to each dimension for packing materials.

MRUSTL-24

Accessories Notes

1. Shelf supports and shelves are available in four colors: clear, black, brown, and grey. Laminated wood shelves should be ordered in laminates with matching edge banding.
2. Shelves have full-width index channels on both the front and rear. The channel is encased with a clear plastic index cover.
3. Color-coded index strips are included with each module, one sheet (18 index strips) per column. If you want a specific color, you must request that color. If no specific color request is made, you will receive assorted colors.
4. Index strips are available in the following colors:

Green	Light Green
Magenta	Electric Yellow
Canary	Blue
Orange	White
Gold	Electric Pink
5. Indexing templates are available, at no charge, via our web site at www.hamiltonsorter.com under the Resources section. Contact Customer Service for more information.
6. These special shelves are also available:
 - Laminated wood shelves for additional weight capacity
 - Shelves with 3" vertical back for open-back modules
 - Shelves with half-size adapters for doubled sort openings.
7. Plexiglass doors are available in clear and smoked acrylic. If you are ordering an open-back sort module, specify whether the doors are going on the front or back of the unit. All doors are hinged on the left side and feature key or butterfly locks.
8. When plexiglass doors are placed on the front of a closed-back sort module, they restrict placement of shelves on the three upper, two middle, and three lower shelf supports. Doors must be removed to reposition shelves in these supports.
9. Specify location of all clear-acrylic display boards. Do not specify display boards for corner sort modules in L- or U-shaped configurations when display boards are specified for adjacent modules.
10. Tasklights and tackboards can be installed in the riser area of sort modules. Please specify fabric for tackboards.

AB602081	59 ¹³ / ₁₆	20	81	377	1,257

*1. All Desktop Bulk Sort Units have an aluminum-extrusion front edge.

2. Units with flat shelves have an inside clearance of 10¹³/₁₆.

3. Units with angled shelves have a 1"x1" aluminum stop on shelf front.

4. Shelves are angled at 25 degrees, will hold three or four mail tubs or AB35-200 bins per shelf (depending on model width), and have an inside clearance of 16³/₄ between angled shelves and a top shelf inside clearance of 12¹/₄.

5. Bins must be ordered separately.

6. All Bulk Sort Units are shipped fully assembled.

7. For freight quotes, specify Class 100 and if dimensions are required, add 3" to each dimension for packing materials.

8. Color choice for Bulk Sort laminate and edge banding should be specified individually.

9. Modification charge to reduce width is \$102 list.

Bulk Sort Bins

All Purpose Bins

AB34-240	19	24 ¹ / ₂	9 ¹ / ₂	6	34
AB13-107	18 ⁷ / ₈	15 ¹ / ₄	12 ⁷ / ₁₆	5	29

1. SB1219 bins are constructed of molded plastic and have a full width index channel.

2. Index strips are included.

3. SB1219 bins will fit inside oversize sort modules, but must rest on shelf.

4. Angled shelf bulks sort bins are available in red, blue and grey.

5. To specify red or blue bins, add 'R' or 'B' to the end of the of the model number.

6. If no color is specified, bins will be grey.

7. Angled self bins nest together to take up minimal space when not in use.

8. AB34-240 bins are multi-purpose with rounded corners and rolled-top rims to form comfortable handles for easy carrying.

9. AB34-240 and AB13-017 bins are available in grey only.

10. AB13-017 bins stack to form tall storage arrangements.

11. Dimensions for other popular mail bins:

US Postal Tub 13¹/₂"w x 18" d x 13¹/₂"h

Us Postal Tray 13¹/₂"w x 25" d x 5" h

*Wood top corners do not have the dump rim option.

Notes

1. All consoles feature modesty panels located at the rear. The half shelf on CH consoles is also located at the rear.
2. All consoles 36" deep and 36" or wider have support bars mounted front-to-rear under the workstation.
3. Wheels can be added to fixed-height consoles with 9" floor clearance only. When adding wheels, add 'W' to the end of the model number to keep overall console height standard. Wheels must be ordered separately (see pg. 47).
4. Use CX consoles where 48" depth is required (see pg. 39).
5. Consoles 30" or 36" high with 9" clearances only can be fitted with adjustable legs. Order by adding 'A' to the end of the model number. Console height will adjust on 1/2" increments between 28"-32" on 30" high consoles and 34"-38" on 36" high consoles.
6. Adjustable consoles have a 12" range, from 28"h to 40"h.
7. Crank handles and electrical switches are located on the right-hand side of the consoles.
8. All adjustable consoles feature a 3" clearance.
9. Roller tables feature 22"w steel ball-bearing rollers mounted on 3" centers and a styrene top.

10. All consoles are shipped knocked down. When getting freight quotes, specify Class 85. If dimensions are required, use 10" for the height of the box and add 3" to the width and depth of the console.

11. Modifications to the width, depth, height of the console and the position of the modesty panel can be made.

See page 60 for color codes.

Notes

1. If you need a shipping console with a 3" floor clearance or with a 36" console height, you must order each component separately (console, platform and keyboard tray).
2. Shipping stations are shipped knocked down. When getting freight quotes, specify Class 85. If dimensions are required, use 10" for the height of the box and add 3" to the width and depth of the console.

Dimensions of
Console for Shelf

Intermediate
Shelf

See page 60 for color codes.

Notes

1. Intermediate shelves are not fastened to the console shelf and can be removed.
2. Shelves are sent with double-faced adhesive tape for optional fastening.
3. Shelves 54" or wider feature a center leg for additional support.
4. Intermediate shelves are shipped knocked down. When getting freight quotes, specify Class 85. If dimensions are required, use 6" for height and add 3" to width and depth for packing materials.
5. Modifications to the width, depth and height can be made.

MODIFICATION	MODEL # CHANGE	PRICE
For 42" h consoles	CHSwddd 42-I	+153

Console Accessories

How to Specify Your Options

DUMP RIMS

1. Dump rims can be added to an individual console or around the perimeter of configurations.
2. Dump rim model numbers represent the length of the console edge specified.
3. Specify side dump rims by adding 'S' to the end of the model number. Specify angled side rims by adding 'AS' to the end of the model number. Side dump rims for consoles with modules are also available.
4. To order 3-sided dump rims around a single console, order the following quantities:

Example: CC603030

Model #	Quantity
DR60	1
DR30AS	2
DRB-L	2 (to connect dump rims at corners)

When placing two consoles side-by-side with 3-sided dump rims across the full width of the consoles, order the following quantities:

Example: (2) CC603030

Model #	Quantity
DR60	2
DR30AS	2
DRB-L	2
DRB-H	1 (to connect dump rims across the console backs)

BRACKETS

All consoles are shipped with an interior bracket to connect adjacent tables. A CX-Clip is a decorative exterior bracket option.

Interior Bracket

CX-Clip

WHEELS

1. Wheels (5" diameter) are recommended for consoles up to 60" wide x 36" deep.

2. When ordering consoles with wheels, add 'W' to the end of the model number to keep the overall height standard. The normal wheel configuration is four swivel wheels.

Notes

1. A wrapping feature can be added to CS and CC consoles. This includes a paper-holder mounted to the shelf designed to hold up to 25^{13/16}" or 31^{13/16}" wide rolls, a knife bar mounted to the top and a slot in the left side of the console top. Specify alternative locations if desired.

2. When ordering MRSLOT, specify slot width, depth and location from the edge of the console. MRSLOT-10CONFIG and MRSLOT-13CONFIG pre-assign hole locations for mail slots at 3" from the console edge, front or rear of console must be specified, consoles up to 48" wide come with (2) mail slot grommet inserts, 48" and wider, (3).

3. CC consoles can be fitted with plunger locks. Order LOCK-M and specify which tables.

4. Special impact-resistant (ABS and stainless steel) surfaces are available. Specify which consoles require the special surface.

5. Fixed, vertical partitions can be specified for CS or CC consoles. Specify location, spacing and laminate. Partitions can also be field installed by mounting to aluminum channel.

6. To electrify a console, order a pop-up power center and, if necessary, a grommet (MRCBLCO-3).

7. MRDR16-3-20 and MRML-16-S cannot be mounted under CC consoles. Freestanding pedestals and pedestals with casters can only be mounted under CT, CS or CH consoles.

Platform

How to Specify Your Options

See page 60 for color codes.

Model	Increase	Description
M	\$83	Aluminum Extrusion*
X	\$0	No Extrusion

*Aluminum extrusion required to mount keyboard tray

Notes

1. Three-inch high platforms feature a closed front and closed back. They are fastened to the console with a locking cam accessed from outside the platform.
2. Platforms 6" high and 54" or wider, with no aluminum extrusion, feature a center support leg.
3. Platforms higher than 6" are supported with a 2" fascia across the front.
4. Platform width should equal the width of the console on which it will be used so that it can fasten to the console at both ends.
5. Platforms 12" or higher may be ordered with front and back aluminum extrusions by adding 'M' to the end of the model number. Twelve inch platforms feature a 5" back panel and the 18" h platforms a 8"h back panel. Both have an open area between the back panel and the extrusion for cable management.
6. A keyboard tray may be mounted on the aluminum extrusion platform and positioned anywhere along the width of the extrusion. Keyboards cannot be mounted on platforms without extrusions. Keyboards must be ordered separately (See page 48 and 51).
7. Platforms without aluminum extrusions have full backs with a 1³/₁₆" black, cable-management gasket located at the bottom of the back panel.
8. Platforms are shipped knocked down. When getting freight quotes specify Class 85. If dimensions are required, use 6" for the height and add 3" to the width and depth for packing materials.
9. Modifications to the width, depth and height can be made.

Executive Series Consoles (con't.)

EXECUTIVE OVERHEAD

Console Notes

- Executive Consoles are light-use equipment with no aluminum extrusions and are not intended for general mail center use.
- The standard modesty panel in an EMT Console is 15³/₄"h. A full modesty panel can be ordered by adding 'F' to the end of the model number.
- When using modules on EMT Consoles, use a full modesty panel for extra support.
- EMS Consoles feature a full-depth shelf located 3" above the floor. Clearance between the shelf and worksurface is 24".
- Grommets are not standard in Executive Mail Consoles. Order MRCBLCO-3 and specify a grommet location.
- Counter Consoles include a 30"d, 29¹/₂"h workstations and a 16"d counter surface with a radius edge.
- Credenzas feature one set of doors on units up to 48" wide and two sets of doors on wider units.
- Credenza doors come standard with handles.
- Credenzas also feature a recessed 3" kickplate and one adjustable shelf per section.
- Executive Consoles are shipped knocked down. Specify Class 85 when obtaining freight quotes. If dimensions are required, use 10" for the height and add 3" to the depth and width of the table for packing materials.
- Modifications to the width, depth, height and the position of the modesty can be made.

Overhead Notes

- All overhead units 42" and wider have two sections. 36" units have one section.
- Overhead units feature 18" clearance between the worksurface and the bottom fascia.
- Overhead Storage Cabinets have hinged doors and 26" clearance between the shelves (20" if optional 24" clearance is specified). One adjustable shelf per section is included.
- Overhead Storage Units are drilled every 2¹/₂" for wire dividers. Units include 18-36 dividers, based on the width of the unit.
- Overhead Storage Units feature a 1³/₁₆" black cable management gasket positioned at the bottom of the back panel.
- Clearance between shelves is 12" on Overhead Storage Units with Retractable Doors, 14" without doors.
- Usable depth of bottom shelf on Overhead Storage Units with Retractable Doors is 12⁷/₈".
- Optional open-back units are open only below bottom shelf.
- Task lights and tackboards can be installed in lower area of overhead units.
- All overhead units are shipped fully assembled. Use Class 100 when obtaining freight quotes. If dimensions are required, add 3" to each dimension for packing materials.

Notes

- Executive Mail Stations are light-use equipment with no aluminum extrusions and are not intended for general mail center use.
- Modules attach to consoles with double-faced adhesive tape.
- Consoles feature one set of doors on units up to 48" wide and two sets of doors on wider units.
- Consoles doors come standard with black handles and a 1 1/2" x 10" mail slot
- Consoles also features a recessed 3" kickplate and one adjustable shelf per section.
- Executive Mail Station consoles are shipped assembled. Specify Class 100 when obtaining freight quotes. If dimensions are required, use 10" for the height and add 3" to the depth and width of the console for packing materials. See page 5 for module freight quote information.

*The Universal Cart provides flexibility in configuring components to customer's mail distribution needs. The cart frame is one piece welded construction, powder-coated on two 8" wheels and two 5" swivel casters. Wheels and casters are non-marking rubber inset to eliminate scuffing of walls and furniture. The base unit is a single-tier platform cart to which additional platforms, mail and parcel baskets and accessories may be added. The base unit has a padded, height-adjustable handle (36" to 42" in 2" increments). Platforms are edged in scuff-resistant bumper molding.

Upper platforms, mail and parcel basket assemblies are adjustable on 2" centers. The 8" x 21³/₄" writing surface snaps to handle. Rubber-insulated mailbag grips attach to handle.

Mail baskets are 11"h x 17"w and are available in 25" or 36" depths.

Parcel baskets are 7¹/₄"h x 17"w and are available in 25" or 36" depths.

GREENGUARD® Children & Schools Certified

Achieve LEED® Credits With Hamilton Sorter Products

All Hamilton Sorter products are GREENGUARD Children & Schools Certified. Our products are made from an Environmentally Preferable Product (EPP) which contains 100% recycled and recovered wood waste or fiber generated from wood residue, including sawdust and shavings (100% pre-consumer).

Hamilton Sorter products meet and exceed the following requirements for LEED-CI (commercial interiors) and LEED for Schools and are applicable to tenant improvement of new or existing office space and could help you achieve the following credits on your project.

Materials and Resource	LEED Requirements	Credit
4.1 RECYCLED CONTENT, 10% (POST-CONSUMER + 1/2 PRE-CONSUMER)	Sum of post-consumer recycled content plus 1/2 of the pre-consumer content constitutes at least 10% (based on cost) of the total value of the materials in the project.	1 POINT
4.2 RECYCLED CONTENT, 20% POST-CONSUMER + 1/2 PRE-CONSUMER)	Sum of post-consumer recycled content plus 1/2 of the pre-consumer content constitutes an additional 10% beyond MR Credit 4.1 (total of 20%, based on cost) of the total value of the materials in the project.	1 POINT IN ADDITION TO MR CREDIT 4.1
4.5 LOW-EMITTING MATERIALS, SYSTEMS FURNITURE AND SEATING	GREENGUARD Indoor Air Quality Certified	1 POINT

Depending on your project's location, Hamilton products may be able to contribute to these additional points.

5.1 REGIONAL MATERIALS, 10% MANUFACTURED REGIONALLY	Building materials or products that have been extracted, harvested or recovered, as well as manufactured, within 500 miles of the project site for a minimum of 10% (based on cost of the total materials value).	1 POINT
5.2 REGIONAL MATERIALS, 20% MANUFACTURED REGIONALLY	Building materials or products that have been extracted, harvested or recovered, as well as manufactured, within 500 miles of the project site for an additional 10% beyond MR credit 5.1 (total of 20% based on cost) of the total materials.	1 POINT IN ADDITION TO MR CREDIT 5.1

Green

Hamilton Sorter's Commitment to the Environment

We recognize our responsibility in maintaining and improving our environment. Through the use of recycled materials used to produce our products to our waste reduction programs, our company is continually improving our methods in the use and disposal of material.

- ◆ We use Particleboard and MDF which are fabricated from recycled wood waste material or fiber generated from wood residue left behind by lumber harvesting and processing.
- ◆ The cardboard packaging material utilized is made from recycled material.
- ◆ Unusable pallets are recycled.
- ◆ We work with customers to reduce the amount of packaging materials required for shipping.
- ◆ All Aluminum scrap is recycled.
- ◆ Adhesives used when laminating are a water-based alternate to solvent-based adhesives.
- ◆ Products meeting low VOC emissions are utilized.
- ◆ Powder coat paint is used on all metal surfaces which is waste free and does not require solvents.

We are pleased to announce that the GREENGUARD Environmental Institute has recognized Hamilton Sorter's conservation efforts. We have received GREENGUARD's Children and School Product Certification for low emitting products and materials under the standards of the Institute. Hamilton Sorter also has its' product tested every quarter to verify that it meets these standards.
