

# Garment Storage Made Easy

Shown above is the TiltNStore® Garment Lift, model TG-1000

## Why does wall mounted garment storage make sense?

1. Storing garments eats up a lot of floor space in your back room.
2. Every time they are moved they can get dropped, dirty or misplaced.
3. Climbing a ladder to get garments off of hooks makes mischief with dropped clothing and injuries.
4. When you cannot see or get to everything, inventory gets confusing and shrinkage can become a problem.
5. Every month you are paying for open wall space that could be used for optimal storage. Your empty walls suddenly become very valuable.

## Why would you consider LiftNStore Wall Mount Garment Lifts?

1. You can use these in the backroom to easily increase your storage without a remodel.
2. Show off your high end suits by literally putting them above the rest.
3. Keep your garments free from wrinkles and damage.
4. Safe garment retrieval takes only moments. Getting the right cloths, right now, is easy.
5. More space for high profit accessories and easy up selling.
6. Maintaining accurate inventory is fast and easy.
7. Wall mounted lifts are low voltage and mount directly onto your open wall space.

## How does it work?

With a push of a button your garments come right to your finger tips. The hangers are at eye level, just right for easy loading and unloading. No more climbing ladders. Push the button and up they go.

Your garments are stored up and out of the way where no one can mess with them. Your aisles stay open and clear.

- Every TiltNStore® Wall Mounted Garment Lift comes assembled and ready for immediate mounting.
- It is simple to run a whole line of lifts along a wall, in fact you can run five lifts off of a single power supply.
- All TiltNStore® Wall Mounted Garment Lifts do the same thing, they go up and down. They are simple, reliable and strong.
- Because the garment lift is an 'electric appliance' not a 'building improvement', you will enjoy a nice tax break.
- Every LiftNStore® Wall Mounted Lift is made with pride in the United States of America.
- Your satisfaction is guaranteed and we stand behind our lifts.
